## Senior Portrait Sessions

We offer a wide variety of senior portrait session, including indoor and outdoor sessions. When choosing your session, consider these four things:

**Location** – Outdoor is very popular, while indoor works best for the yearbook, so we offer both. Our most popular session is the Combo Session since it includes indoor and outdoor.

**Time** – More time front of the camera and lights means more variety for you.

**Outfits** – Because what you like might be different from what a parent or grandparent likes, we recommend three outfits. A fun and trendy outfit makes you happy. A classic or timeless outfit makes parent and grandparents happy. Any everyday outfit from the closet makes everyone happy.

**Styles** – Styles are what makes you, you. It might be a certain look you're going for, or reflection of your personality. We tailor your session to the variety of styles you want.
