

8th Grade Curriculum

Night

North Central Building Map - NC is a big space and is currently under significant construction in order to provide our students and staff with the up-to-date building that they deserve. Here is an overview of the spaces you may need to know.

Course Offerings for 9th Grade Students - Knowing what your options are as a high school student is a big part of a successful experience. Some courses are required, like English and Math, but there are elective options that may be available. Take a look at your options and have a plan for what you want to take.

Complete Course Catalogue - Check out everything North Central has to offer, from courses to specifics of grading and student supports, it's all here!

High Ability Programming - North Central offers several high ability, dual credit courses. It is possible for our students to leave us not only prepared for college, but with several freshman and sophomore courses already complete.

Student Clubs and Activities - North Central offers a wide variety of clubs and activities to embrace the diversity of our student body. Don't see what you want here? Find a teacher sponsor and you can start it!
